1	It is likely that I will get	•	_		•			00	
	colorectal cancer.								
	My chances of getting								
2	colorectal cancer in the								
	next few years								
	are high.								
3	I feel I will get colorectal								
	cancer sometime during								
	my life.			. 0.1			·		
	ct few questions are about o								
	someone has cancer. Color tal with a camera that is put				rougn an	examination	n or a stoor c	п ву еха	mining a
COIOTEC	If I get colorectal cancer	iii tiiiougii i	ile packside			Ι	T		
4	screening and nothing is								
	found, I will worry less								
	about colorectal cancer.								
5	Having colorectal								
	cancer screening will								
	help me find colorectal								
	cancer early.								
6	If I find abnormalities								
	through colorectal								
	cancer screening my treatment for colorectal								
	cancer may not be as								
	bad.								
7	Having colorectal								
	cancer screening will								
	decrease my chances of								
	dying from colorectal								
	cancer.								
8	I am afraid to have								
	colorectal cancer screening because I								
	might find out something								
	is wrong.								
9	I am afraid to have								
	colorectal cancer								
	screening because I								
	don't understand what								
	will be done.								
10	I don't know how to go								
	about getting colorectal								
	cancer screening. Having colorectal								
11	cancer screening is too								

	Having colorectal				
12	cancer screening takes				
	too much time.				
13	Having colorectal				
	cancer screening is too				
	painful.				
14	People doing colorectal				
	cancer screening are				
	rude to patients. I have other problems				
15	more important than				
	-				
	getting colorectal cancer screening.				
	I am not the right age to				
16	need a routine colorectal				
	cancer screening.				
17	I cannot afford to get				
	colorectal cancer				
	screening.				
18	I don't have the				
	encouragement I need from my close relatives				
	to attend colorectal				
	cancer screening.
